Tech Startup Masterclass: Going from Zero to Launch

Embark on a transformative journey from ideation to market domination with ventureLAB's comprehensive workshop, "Tech Startup Masterclass: Going from Zero to Launch." Dive into the intricacies of product development, from conceptualization and technology assessment to prototype development. Simultaneously, explore the dynamic world of market research for validation. This workshop is your key to unlocking the secrets of building a successful tech startup, equipping you with the knowledge and skills needed to navigate the complexities of the entrepreneurial landscape. Join us for a hands-on experience that bridges the gap between theory and practice, providing actionable insights and strategies to propel your startup from zero to launch with confidence and expertise.

Are you ready to turn your tech startup idea into a reality? Join us at our in-person event located at **2 Park Drive, Whitchurch-Stouffville, ON, Canada** for a Masterclass on taking your startup from zero to launch. Learn from industry experts, network with fellow entrepreneurs, and gain valuable insights to kickstart your journey.

Don't miss out on this opportunity to accelerate your startup dreams!

Free Data Destruction & Electronic Recycling

Date and Time: Thursday, March 28 4:00 pm - 8:00 pm

Address: 2 Park Drive

Price: Free
Ages: All Ages
Type: Drop-in
Category: Adults

The Chamber of Commerce of Stouffville and the Library are excited to join forces with the Electronic Recycling Association (ERA) for a community-driven electronic recycling event. This collaboration aims to tackle electronic waste by providing a convenient and eco-friendly way for residents to recycle their unused electronics. The ERA, a non-profit organization committed to reducing e-waste, brings its expertise in secure data destruction and the repurposing of IT equipment to benefit those in need. By participating, you're not just decluttering your space; you're contributing to a sustainable future, supporting community initiatives, and helping provide refurbished electronics to educational and care institutions across Canada. Let's come together to make a significant environmental impact and support our community through responsible electronic recycling.
